

Hey all.

The BBR have put a game plan together for the structure of our next competition to be held on Sunday the 1st of June. As you are all well aware with the huge membership intake seen this year our problem is to run all heats within a 10 hour period being 7am to 5pm. As we do not want to turn the BBR contest series into a 2 day event, we have been forced to run Dual Heats.

The Dual Heat Format means the competition can be run within 10 hours and we can fit more competitors into our event. Dual Heats will be held between 7am and 10pm in the Micro, Cadets, Junior, Woman and Grand Master Divisions. Now before any one throws the first stone at us Ha, please note that with the assistance of our BBR Water Safety Initiative we will clear 2 banks or a peak either way leaving plenty of room for our members to compete.

Important to note, Dual Heats will not be run in the finals of any division. The new format will have the Micro's finished by 9am, the Cadets by 9.15, Woman by 10 and Grandmasters by 10.15. The Junior finals will be run at the end of the day along with Masters and Opens. The Juniors are expected to help and learn the ropes so to speak as they are the future committee members of our great club.

The BBR are pleased to announce the introduction of THE DARK ZONE!

The dark zone is a new concept where BBR competitors from the junior and masters division will be able to compete in the opens division if a spot is available in a 4 man heat. Opens run with 32 surfers in 8 first round heats. If only 30 opens are available 2 spots are up for grads.

You will notice that each heat can contain a maximum of 6 surfers. The preferred amount of competitors per Heat is 4. We have made the 2 extra spots available so that every surfer has the opportunity to surf with the BBR. Once again our BBR Water Safety Initiative will leave plenty of room for our members to compete.

We are a club run by the community for the community and I for one can't wait till the next comp.

Ray Vuko

Bondi Boardriders President
